

CME 2023:

1. Dysplastic nevus part I: Historical perspective, classification, and epidemiology

Published: August 26, 2022 DOI: <https://doi.org/10.1016/j.jaad.2022.04.068>

2. Dysplastic nevus part II: Molecular/genetic profiles and management

Published: October 14, 2022 DOI: <https://doi.org/10.1016/j.jaad.2022.05.071>

3. Disorders of hyperpigmentation. Part I. Pathogenesis and clinical features of common pigmentary disorders

Published: February 10, 2022 DOI: <https://doi.org/10.1016/j.jaad.2022.01.051>

4. Disorders of hyperpigmentation. Part II. Review of management and treatment options for hyperpigmentation

Published: February 11, 2022 DOI: <https://doi.org/10.1016/j.jaad.2021.12.065>

5. Cutaneous tuberculosis. Part I: Pathogenesis, classification, and clinical features

Published: February 07, 2022 DOI: <https://doi.org/10.1016/j.jaad.2021.12.063>

6. Cutaneous tuberculosis. Part II: Complications, diagnostic workup, histopathologic features, and treatment

Published: February 08, 2022 DOI: <https://doi.org/10.1016/j.jaad.2021.12.064>

7. Part I: Cutaneous manifestations of cardiovascular disease

Published: April 30, 2022 DOI: <https://doi.org/10.1016/j.jaad.2021.06.902>

8 Part II: Cutaneous manifestations of peripheral vascular disease

Published: April 30, 2022 DOI: <https://doi.org/10.1016/j.jaad.2021.05.077>

9. An update on viral-induced cutaneous lymphoproliferative disorders. CME Part I

Published: August 27, 2022 DOI: <https://doi.org/10.1016/j.jaad.2021.11.068>

10. The dermatoscope in the hair clinic: Trichoscopy of scarring and nonscarring alopecia

DOI: <https://doi.org/10.1016/j.jaad.2023.04.033>
